**RE: Occupation Target Date for Floors 7 & Down**

As previously reported, the townhouse occupants were permitted to return to their units in December. Residents of "10 and up" were able to move back into their units beginning January 19<sup>th</sup>.

The target date for occupancy of floors "7 and down" is late March or early April. Once the official date is known, the information will be posted.

Occupancy for "8 and 9" remains undetermined. Again, once the target date is known, the information will be posted.

Please refer to the January 16<sup>th</sup> website posting for important information to be aware of when reoccupying your unit including the following:

8297 Saba Road continues to be a construction zone and there will be inconveniences as a result of this.

Council recommends that residents re-key or change their locks after they collect a new key from On Side Restoration; however, in the event of a leak On Side will require immediate access to your strata lot to mitigate damages.
